VOTE FOR NISCHAL

AS PRESIDENT FOR STUDENT UNION!!

WHY VOTE FOR ME?

 I will be looking at making the college a better place for everyone but also would like to hear other peoples suggestions on how to improve the college campus to boost Sandwell colleges reputation as one of the biggest college in West Midlands.

 **HELP RAISE AWARENESS OF LACK OF CHECKS**
Within the college there are lack of security searches this year, even though someone could be carrying a bladed weapon inside the college making everyone feel unsafe in college which is why I will push for security checks to take place in order to help keep students and staff safe around the college campus.

 **LOWER PRICES FOR BOTH FOOD AND DRINKS**
I have noticed that the college is overcharging for some food and drinks which is unacceptable and I will tackle this issue by speaking with the department to lower the food and drink prices to an acceptable price where students and staff can enjoy their meals without having to worry about if they have paid too much or not.

 **MORE PLACES TOO RELAX IN**
Within Sandwell college there are some students timetables where they have a 2 or 3 hours of break which is not only too long to wait for but also there are limited places in the college to relax in which is why I will be working on trying to make more rooms where you and your friends can relax rather then having to figure out what to do for over 2 hours.

DON'T FORGET TO VOTE FOR NISCHAL!

Student Elections 2026

Vote Sophie Hulse

for Clubs and Societies Officer
2026-2027

Why should you vote for me?

Hi, my name is Sophie Hulse and I would like to be this years Clubs and Societies Officer. I believe that students deserve to have spaces outside of lessons where they can socialise and find community with others. I would love to help students build these spaces as part of my role, and I would be excellent at listening to the needs of my fellow students to create clubs and societies that would cater to their interests.

Making friends can often be difficult, especially if you're new to college/sixth form. I believe that having a range of clubs and societies would enable people to find friendship and community easier, and I would like to be part of making that happen.

This is me!

Student Elections 2026

What will I do in this role?

As the Clubs and Societies Officer, I promise that I will:

- Work with all students to create clubs and societies that cater to their interests
- Ensure that all students have equal opportunities and access when it comes to creating and attending clubs/societies
- Ensure that all clubs/societies are safe, welcoming spaces for all

MY MANIFESTO

1. A stronger student voice: I want to be able to listen to students regularly, talking about the problems they face and ensure that these concerns are then brought to the right people. Students should be encouraged to have more voice in their opinions.
2. Supporting students with education: I want to improve communication between students and staff, encouraging and supporting students with raising their concerns easily.
3. Making support easier to find: It can be difficult finding the correct people to talk to, so I want to make students more aware of the welfare & academic support available to them.
4. Better Communication: I want more students to get involved and have their say in some decisions within the Students' Union, having a positive impact on their education.

WHY VOTE FOR ME?

I have a level 2 qualification in Youth Mental Health First Aiding, and I was previously a prefect in high school, so I have interest, experience and understanding in student wellbeing, education and the experiences & challenges that students may face. I care about ensuring students feel listened to, supported and more comfortable when speaking up about issues with their education and their experience within Sixth Form and College. I want to use this position to listen to students, represent their views and work to help make positive change.
